

# Table of Contents

**Glossary of Terms .....7**

## Executive Summary

---

**Current Status of Various Wireless VoIP Technologies ..... 12**

- VoIP over Wi-Fi..... 12
- VoIP over WiMAX..... 12
- VoIP over Wi-Fi/Cellular Convergence..... 12
- VoIP over Wireless Mesh..... 12

**VoIP over Wi-Fi/WiMAX Business Opportunities..... 13**

- Table ES1: Major Drivers for Various Business Opportunities Created by VoIP over Wi-Fi/WiMAX Technology ..... 13

**VoIP over Wi-Fi issues & Standards ..... 13**

- Table ES2: VoIP over Wi-Fi Issues Addressed by Various Standards ..... 14

**VoIP over Wi-Fi Equipment Trends..... 14**

- Access Points (Supporting VoIP) ..... 14
- WLAN Switches/Mobility Controllers (Supporting VoIP) ..... 14
- Single Mode VoIP over Wi-Fi Handsets..... 15
- Dual Mode Cellular/ VoIP over Wi-Fi Handsets ..... 15
- Single Mode VoIP over Wi-Fi Handset Chipsets ..... 15

**VoIP over Wi-Fi Equipment Market..... 15**

- July 2005-June 2006 ..... 15
- Figure ES1: Comparison of Worldwide Revenues (\$m) from Different VoIP over Wi-Fi Equipment Segments - July 05-June 06 ..... 16
- Figure ES2: Percentage Regional Revenue Contribution from VoIP over Wi-Fi Equipment - July 05-June 06 ..... 16
- Table ES3: Worldwide Market Leaders (with Market Share) in Different VoIP over Wi-Fi Equipment Segments - July 05-June 06. .... 17
- Forecasts(2007-2012)..... 17
- Figure ES4: Worldwide Revenues (\$bn) from Different VoIP over WiFi Equipment Segments 2007-2012..... 17
- Table ES4: Worldwide Revenues (\$bn) from Different VoIP over WiFi Equipment Segments 2007-2012..... 18
- Figure ES4: Comparison of Worldwide Revenues (\$bn) from Different VoIP over Wi-Fi Equipment Segments by 2012..... 18
- Figure ES5: Percentage Regional Revenue Contribution from VoIP over Wi-Fi Equipment by 2012 ..... 19

**IMS Benefits/Deployments for Wireless VoIP Services..... 19**

- Benefits ..... 19
- Deployments ..... 19

## I. VoIP Enters Wireless Technology

---

**I.1 VoIP over Wi-Fi.....21**

- I.1.1 Market Activity 2005-2006 & Beyond..... 21
- i. Service Provider Movements ..... 21
- ii. Early Vertical Markets..... 21

a. The Healthcare Sector .....	22
1.1.2 Technical Challenges .....	22
i. Quality of Service (QoS) .....	22
a. 802.11e and WMM.....	22
ii. Handoffs .....	23
a. 802.11r.....	23
iii. Security.....	24
a. WPA2 and 802.11i.....	24
iv. Battery Life of Handsets.....	25
v. Access Point Capacity.....	25
vi. Interoperability .....	26
<b>1.2 VoIP over WiMAX.....</b>	<b>26</b>
<b>1.3 VoIP over Wireless Mesh .....</b>	<b>27</b>
<b>1.4 VoIP over Wi-Fi/Cellular Convergence .....</b>	<b>28</b>
<b>1.5 The Business Case for Entering the VoIP over Wi-Fi Market.....</b>	<b>30</b>
1.5.1 The Enterprise Perspective.....	30
1.5.2 The Service Provider Perspective .....	30

## 2. VoIP Markets

---

<b>2.1 VoIP over Wi-Fi Player Implications.....</b>	<b>33</b>
2.1.1 Fixed Line Operators (Incumbents) .....	33
2.1.2 VoIP Service Providers (Cable as well as DSL).....	34
2.1.3 Internet Service Providers (ISPs).....	34
2.1.4 Wireless Internet Service Providers (WiSPs) .....	34
2.1.5 Hotspot Owners .....	35
2.1.6 3G Operators .....	35
<b>2.2 VoIP over Wi-Fi / WiMAX Business Opportunities .....</b>	<b>36</b>
2.2.1 Residential Market .....	36
2.2.2 Small to Medium Sized Business (SMB) Market.....	37
2.2.3 Enterprise Market.....	37
2.2.4 Developing Countries .....	38
2.2.5 Greenfield Deployments .....	38
<b>2.3 VoIP over Wi-Fi Drivers/Barriers.....</b>	<b>39</b>
2.3.1 Drivers.....	39
i. Cost.....	39
ii. Mobility.....	39
iii. Employee Productivity .....	40
iv. Hassle Free Equipment Installation.....	40
2.3.2 Barriers .....	40
i. Regulation .....	40
ii. Public Apprehension.....	40

## 3. VoIP over Wi-Fi Equipment Markets

---

<b>3.1 Thick vs Thin Access Points .....</b>	<b>41</b>
3.1.1 Increase in Radio Channels.....	41
3.1.2 Operating Systems .....	42
3.1.3 Standards Development .....	42
3.1.4 Roaming.....	42
3.1.5 MIMO Technology.....	42
3.1.6 Shipment & Revenues July 2005-June 2006.....	43

Table 3.1: Worldwide Enterprise Access Points (Supporting VoIP) Shipments and Revenues (\$m) by Region July 2005-June 2006.....	43
i. Vendor Market Share.....	44
Table 3.2: Enterprise Access Point (Supporting VoIP) Market Share of Different Vendors Worldwide in July 05-June 06.....	44
a. Vendor Market Share by Region.....	44
Figure 3.1: Enterprise Access Point (Supporting VoIP) Market Share of Different Vendors in North America in July 05-June 06 .....	44
Figure 3.2: Enterprise Access Point (Supporting VoIP) Market Share of Different Vendors in EMEA in July 05-June 06.....	45
Figure 3.3: Enterprise Access Point (Supporting VoIP) Market Share of Different Vendors in Asia Pacific - July 05-June 06 .....	45
3.1.7 Forecasts 2007-2012 .....	46
i. Shipments by Region .....	46
Figure 3.4 Worldwide Enterprise Access Point (Supporting VoIP) Shipment Forecasts (m) Regional Forecast 2007-2012 .....	46
Table 3.3: Worldwide Enterprise Access Point (Supporting VoIP) Shipment Forecasts (m) Regional Forecast 2007-2012 .....	47
ii. Revenues by Region.....	47
Figure 3.5: Worldwide Enterprise Access Point (Supporting VoIP) Revenue (\$m) Regional Forecast 2007-2012 .....	47
Table 3.4: Worldwide Enterprise Access Point (Supporting VoIP) Revenue (\$m) Regional Forecast 2007-2012 .....	48
<b>3.2 Wireless LAN Switches/Mobility Controllers (Supporting VoIP) .....</b>	<b>48</b>
3.2.1 Mobility Controllers .....	48
3.2.2 Acceptance & Affordability .....	49
3.2.3 July 2005-June 2006 .....	49
i. Shipments & Revenues.....	49
Table 3.5: Worldwide Enterprise WLAN Switch/Mobility Controllers (Supporting VoIP) Shipments and Revenue (\$m) by Region - July 2005-June 2006.....	49
Table 3.6: Enterprise WLAN Switch/Mobility Controller (Supporting VoIP) Market Share of Different Vendors Worldwide in July 05-June 06 .....	50
ii. Vendor Market Share at Regional Level .....	50
Figure 3.6: Enterprise WLAN Switch/Mobility Controller (Supporting VoIP) Market Share of Different Vendors in North America - July 05-June 06 .....	50
Figure 3.7: Enterprise WLAN Switch/Mobility Controller (Supporting VoIP) Market Share of Different Vendors in EMEA - July 05-June 06 .....	51
Figure 3.8: Enterprise WLAN Switch/Mobility Controller (Supporting VoIP) Market Share of Different Vendors in Asia Pacific - July 05-June 06 .....	51
3.2.4 Forecast Shipments & Revenues.....	52
i. Shipments by Region .....	52
Figure 3.9: Worldwide Enterprise WLAN Switch/Mobility Controller (Supporting VoIP) Shipments (m) Regional Forecast 2007-2012.....	52
Table 3.7: Worldwide Enterprise WLAN Switch/Mobility Controller (Supporting VoIP) Shipments (m) Regional Forecast 2007-2012.....	52
ii. Revenue by Region .....	52
Figure 3.10: Worldwide Enterprise WLAN Switch/Mobility Controller (Supporting VoIP) Revenue (\$bn) Regional Forecast 2007-2012 .....	53
Table 3.8: Worldwide Enterprise WLAN Switch/Mobility Controller (Supporting VoIP) Revenue (\$bn) Regional Forecast 2007-2012 .....	53

## 4. VoIP over Wi-Fi Handset Market

<b>4.1 Single Mode VoIP over Wi-Fi Handsets .....</b>	<b>55</b>
4.1.1 The Market .....	55
4.1.2 Price.....	56
4.1.3 Standards Based Technology & SIP .....	56

4.1.4 Single vs Dual Mode .....	56
4.1.5 Single Mode VoIP over Wi-Fi Handset Market.....	57
i. Handset Shipments - July 2005-June 2006 .....	57
Table 4.1: Worldwide Single Mode VoIP over Wi-Fi Handset Shipments and Revenue (\$m) by Region - July 2005-June 2006.....	58
Table 4.2: Single Mode VoIP over Wi-Fi Handset Market Share of Different Vendors Worldwide in July 05-June 06 .....	58
a. Vendor Market Share at Regional Level .....	58
Figure 4.1: Single Mode VoIP over Wi-Fi Handset Market Share of Different Vendors in North America - July 2005-June 2006.....	59
Figure 4.2: Single Mode VoIP over Wi-Fi Handset Market Share of Different Vendors in EMEA - July 2005-June 2006.....	59
Figure 4.3: Single Mode VoIP over Wi-Fi Handset Market Share of Different Vendors in Asia Pacific - July 2005-June 2006 .....	60
ii. Forecasts 2007-2012 .....	60
a. Shipments .....	60
Figure 4.4: Single Mode VoIP over Wi-Fi Handset Shipments (m) Regional Forecast 2007-2012.....	60
Table 4.3: Worldwide Single Mode VoIP over Wi-Fi Handset Shipments (m) Regional Forecast 2007-2012 .....	61
b. Revenues .....	61
Figure 4.5: Worldwide Single Mode VoIP over Wi-Fi Handset Shipment Revenue (\$m) Regional Forecast 2007-2012.....	61
Table 4.4: Worldwide Single Mode VoIP over Wi-Fi Handset Shipment Revenue (\$m) Regional Forecast 2007-2012.....	62
<b>4.2 Dual Mode Cellular/VoIP over Wi-Fi Handset Market.....</b>	<b>62</b>
4.2.1 Adoption & Key Trends .....	62
4.2.2 UMA & SIP .....	63
4.2.3 Handset Shipments .....	63
i. Shipments July 2005 - June 2006 .....	63
Table 4.5: Worldwide Total Dual Mode Cellular/VoIP over Wi-Fi Handset Shipments and Revenue (\$m) Market by Region – July 2005 - June 2006.....	64
Table 4.6: Dual Mode Cellular/VoIP over Wi-Fi Handset Market Share of Different Vendors Worldwide in July 05-June 06 .....	65
a. Vendor Market Share at Regional Level .....	65
Figure 4.6: Dual Mode Cellular/VoIP over Wi-Fi Handset Market Share of Different Vendors in North America - July 05-June 06 .....	65
Figure 4.7.: Dual Mode Cellular/VoIP over Wi-Fi Handset Market Share of Different Vendors in EMEA - July 2005-June 2006.....	66
Figure 4.8: Dual Mode Cellular/VoIP over Wi-Fi Handset Market Share of Different Vendors in Asia Pacific - July 2005-June 2006.....	66
ii. Forecast Shipments to 2012.....	66
a. Shipment Numbers .....	67
Figure 4.9: Worldwide Dual Mode Cellular/VoIP over Wi-Fi Handset Shipment – Regional Forecast (m) 2007-2012.....	67
Table 4.7: Worldwide Dual Mode Cellular/VoIP over Wi-Fi Handset Shipments – Regional Forecast (m) 2007-2012.....	68
b. Shipment Revenues.....	68
Figure 4.10: Worldwide Dual Mode Cellular/VoIP over Wi-Fi Handset Shipment Revenue (\$bn) Regional Forecast 2007-2012.....	68
Table 4.8: Worldwide Dual Mode Cellular/VoIP over Wi-Fi Handset Shipment Revenue (\$bn) Regional Forecast 2007-2012.....	68
<b>4.3 Single Mode VoIP Over Wi-Fi Handset Chipset Market.....</b>	<b>69</b>
4.3.1 Power Consumption .....	69
4.3.2 Chipset Shipments .....	69
i. July 2005-June 2006 .....	70
Table 4.9: Worldwide Single Mode VoIP over Wi-Fi Handset Chipsets Shipments and Revenue (\$m) by Region - July 05-June 06.....	71
Table 4.10: Worldwide Single Mode VoIP over Wi-Fi Handset Chipset Market Share (%) of Different Vendors - July 05-June 06.....	71

- a. Vendor Market Share by Region.....71
  - Figure 4.11: Single Mode VoIP over Wi-Fi Handset Chipset Market Share of Different Vendors in North America - July 05-June 06.....72
  - Figure 4.12: Single Mode VoIP over Wi-Fi Handset Chipset Market Share of Different Vendors in EMEA - July 05-June 06.....72
  - Figure 4.13: Single Mode VoIP over Wi-Fi Handset Chipset Market Share of Different Vendors in Asia Pacific - July 05-June 06.....73
- ii. Forecasts 2007-2012..... 73
  - a. Shipments.....73
    - Figure 4.14: Worldwide Single Mode VoIP over Wi-Fi Handset Chipset Shipments (m) Regional Forecasts 2007-2012.....73
    - Table 4.11: Worldwide Single Mode VoIP over Wi-Fi Handset Chipset Shipments (m) Regional Forecasts 2007-2012.....74
  - b. Revenues .....74
    - Figure 4.15: Worldwide Single Mode VoIP over Wi-Fi Handset Chipset Shipment Revenue (\$m) Regional Forecast 2007-2012 .....74
    - Table 4.12: Worldwide Single Mode VoIP over Wi-Fi Handset Chipset Shipment Revenue (\$m) Regional Forecast 2007-2012 .....74

## 5. Wireless VoIP Bright Spots-Wi-Fi/Cellular Convergence & IMS

---

- 5.1 Technological Challenges .....75**
  - 5.1.1 Impact on the Network..... 75
  - 5.1.2 Convergence & the Access Layer ..... 75
  - 5.1.3 Handset Support .....76
  - 5.1.4 IMS.....76
  - 5.1.5 Operator Cooperation.....77
- 5.2 The Rate of Adoption of VoIP over Wi-Fi/Cellular Convergence .....77**
  - 5.2.1 Capability & Availability .....77
  - 5.2.2 Market Activity .....78
  - 5.2.3 Other Pieces of the Jigsaw.....78
- 5.3 Impact of Delay in Standards .....79**
  - 5.3.1 Standards Evolution .....79
  - 5.3.2 Interoperability & Compatibility.....79
- 5.4 IMS Implications for Wireless VoIP Sector .....80**
  - 5.4.1 IMS Benefits for Wireless VoIP Services .....80
  - 5.4.2 Scalability & Interoperability .....80
  - 5.4.3 Adoption .....80
  - 5.4.4 The Value Add.....81
- 5.5 SIP and IMS Interoperability .....81**
  - 5.5.1 Adoption of SIP.....81
  - 5.5.2 Transferring Applications between Networks.....81
- 5.6 IMS Requirements for Wireless VoIP Service.....82**
- 5.7 Stop-gap vs Full Blown Solution.....82**
- 5.8 IMS Deployments for Wireless VoIP .....83**

## 6. Case Studies

---

- 6.1 Agere Systems.....85**
- 6.2 Alvarion .....86**
- 6.3 Aruba Networks .....86**
- 6.4 Atheros Communications .....87**

6.5 Avaya .....	88
6.6 BelAir Networks .....	89
6.7 Bluesocket.....	90
6.8 BridgePort Networks.....	91
6.9 Broadcom Corporation .....	92
6.10 Cicero Networks .....	93
6.11 Colubris Networks .....	94
6.12 D-Link.....	95
6.13 DiVitas Networks .....	96
6.14 Extricom .....	96
6.15 Firetide.....	97
6.16 Kineto Wireless.....	98
6.17 Meru Networks.....	99
6.18 NEC .....	100
6.19 NTT DoCoMO .....	100
6.20 Proxim Wireless.....	101
6.21 Qualcomm .....	102
6.22 Samsung.....	102
6.23 SkyPilot .....	103
6.24 SpectraLink.....	104
6.25 Strix Systems.....	105
6.26 Symbol Technologies (Acquired by Motorola) .....	106
6.27 Tatara Systems.....	107
6.28 Texas Instruments .....	108
6.29 Trapeze Networks .....	108
6.30 Trinity Convergence .....	109
6.31 Tropos Networks .....	110
6.32 Xirrus .....	111
6.33 ZyXEL .....	112

## **7. Organisations Supporting VoIP over Wi-Fi**

---

7.1 Wi-Fi Alliance .....	113
7.2 3GPP.....	114
 Appendix I: Web Addresses for Companies Included in Report.....	 115
