Executive Summary 1. Introduction 2. Streamed Mobile TV 3. Broadcast Mobile TV: Technologies 4. Broadcast Mobile TV: Trials and Launches 5. Broadcast Mobile TV: Vendors and Handset Manufacturers 6. The Market for Mobile TV Services 7. Key Factors 8. Key Organisations & Associates (146 pages)

Chapter Details

Executive Summary 11

Introduction

What Is The Report About?

The Opportunity

Streamed Mobile TV

Figure ES.1: 'Big Brother' on 3 Sweden Network

Broadcast Mobile TV

Figure ES.2 Samsung SGH-P900 and LG-V9000 for MFD DMB Launch in Germany

Table ES.1: Analysis of Broadcast Mobile TV Trial Results

The Market for Mobile TV Services

Figure ES.3: Total Revenues for Streamed Mobile TV Services – Global Forecasts - 2006-2011 (\$ m)

Figure ES.4: Broadcast TV Subscribers by Technology (DVB-H, DAB/DMB, MediaFLO, ISDB-T), 2006-2011 (m)

Figure ES.5: Total Revenues for Streamed and Broadcast Mobile TV Services, 2006-2011 (\$m)

Table: ES.2 Total Revenues for Streamed and Broadcast Mobile TV Services, 2006-2011 (\$m)

Key Factors

Table ES.3: Key Factors for Mobile TV

1. Introduction 21

1.1 Prehistory

Figure 1.1: Traditional Mobile TV: Sinclair MTV1, Casio TV-21, Casio EV-570

1.2 Evolution and Definition of Mobile TV

2. Streamed Mobile TV 25

2.1 Vendors and Platforms

2.1.1 ROK TV

Figure 2.1: ROK TV in 'landscape' View

2.1.2 Vidiator

Figure 2.2: 'Big Brother' on 3 Sweden Network

2.1.3 Rubberduck (Mobile Media)

2.1.4 Thin Multimedia

2.1.5 U-Turn Media

2.2 Other Service Providers

2.2.1 MobiTV

i. US

Figure 2.3: MobiTV Global Networks Operations Center

ii. France

iii. UK

iv. Japan

v. Other Markets

2.2.2 Vodafone

2.2.3 GoTV

2.2.4 SmartVideo

Figure 2.4: SmartVideo on a PDA device

2.3 MBMS: Multicast and Broadcast Streamed Mobile TV

Figure 2.5: MBMS Multicast Service Activation

2.3.1 CMB (Cell Multimedia Broadcast)

Figure 2.6: Network Architecture of CMB

2.3.2 TDtv

Figure 2.7: TDtv Timeline

3. Broadcast Mobile TV: Technologies

43

3.1 Technologies

3.1.1 DVB-H

i. Ratification / Validation

ii. Network Implementation

iii. Unlimited Mobile TV (Alcatel)

3.1.2 ISDB-T

3.1.3 DMB & DAB-IP

i. DAB

Figure 3.1: DAB Encoding Process

ii. DMB (S-DMB & T-DMB)

Figure 3.2: S-DMB Network

iii. DAB-IP

3.1.4 MediaFLO

Figure 3.3: MediaFLO Client-Server Architecture

3.2 Technology Comparison

Table 3.1: Comparison of different Mobile TV Broadcast Technologies

4. Broadcast Mobile TV: Trials and Launches

53

4.1 DVB-H

4.1.1 Trials and Demos

Table 4.1: DVB-H Trials and Demos

Figure 4.1: Nokia 7700 Prototype Handset Used In Trials

4.1.2 Launches

i. Modeo (USA)

ii. HiWire (USA)

Table 4.2: Network Costs for various frequency bands

iii. Walk TV (Italy)

Figure 4.2: LG U900 Handset for Walk TV in Italy

iv. Mediaset/TIM (Italy)

v. Digita (Finland)

vi. Projekt DVB-H Norddeutschland (Northern Germany)

vii. Doordarshan (India)

4.2 DMB

4.2.1 Trials and Demos

Table 4.3: DMB Trials

4.2.2 Launches

- i. China
 - a. Guangdong Province
 - Figure 4.3: Map of Guangdong Province
 - b. Beijing
 - c. Shanghai
 - Figure 4.4: 'DMB Cell TV' From The Oriental Pearl Group (OPG) in Shanghai, China
- ii. Germany
 - a. MFD
 - Figure 4.5: Samsung SGH-P900 and LG-V9000 for MFD DMB Launch In Germany
 - b. Mi-Friends
- iii. South Korea
 - a. S-DMB
 - Figure 4.6: Atlas III Launch, 13 March 2004
 - Handsets
 - Figure 4.7: TU Media, Launch Handsets: Samsung SCH-B100, SK Teletech IMB-1000
 - Figure 4.8: TU Media, Second Wave
 - Pricing
 - b. T-DMB
 - Figure 4.9: T-DMB Network
- iv. BT Movio/Virgin Mobile: DAB-IP
 - a. UK

4.3 MediaFLO

4.3.1 Trials

- i. US
- ii. UK

4.3.2 Launches

4.4 ISDB-T

4.4.1 Trials and Launches

4.5 Trial Results: Analysis

Table 4.4: Analysis of Broadcast Mobile TV Trial Results

Table 4.5: Arqiva Mobile TV Quantitative Research Findings

5. Broadcast Mobile TV: Silicon Vendors and Handset Manufacturers

79

5.1 Silicon Vendors

5.1.1 Frontier Silicon

Figure 5.1: Apollo Chip

5.1.2 DibCom

Figure 5.2: DiBcom Products and Device Integration

5.1.3 Philips

Figure 5.3: Philips TV-on-mobile, Block Diagram

Figure 5.4: Philips BGT210 SiP Solution

5.1.4 Texas Instruments

5.1.5 Siano

5.1.6 SIDA

5.1.7 TrueSpan

5.1.8 Qualcomm

5.2 Handset Manufacturers

5.2.1 LG

Figure 5.5: LG Prototype T-DMB Handset

5.2.2 Samsung

Figure 5.6: Samsung SGH P900 (DVB-H) & SCH-B1200 (T-DMB) Handsets

5.2.3 Nokia

Figure 5.7: Nokia N92 Device

5.2.4 Sony Ericsson

5.2.5 Siemens/BenQ

Figure 5.8: Siemens/BenQ DVB-H Prototype Device

5.2.6 Motorola

Figure 5.9: Motorola Concept Device for DVB-H

5.2.7 HTC

Figure 5.10: HTC 'Trilogy' Handset

6. The Market for Mobile TV Services

91

6.1 Global Mobile Market Forecasts

6.1.1 Asia-Pacific

Table 6.1: Asia-Pacific Mobile Subscriber Base Forecasts for China, India, Japan, Indonesia, Pakistan, Philippines, Australasia and Others, 2006-2011 (m)

Figure 6.1: Asia-Pacific Mobile Subscriber Base Forecasts for China, India, Japan, Indonesia, Pakistan, Philippines, Australasia and Others, 2006-2011 (m)

6.1.2 Europe

Table 6.2: European Mobile Subscriber Base Forecasts for Germany, UK, Italy, France, Spain, Poland, Czech Republic and Others, 2006-2011 (m)

Figure 6.2: European Mobile Subscriber Base Forecasts for Germany, UK, Italy, France, Spain, Czech Republic and Others, 2006-2011 (m)

6.1.3 North America

Table 6.3: North American Mobile Subscriber Base Forecasts for US, Canada, Mexico, 2006-2011 (m)

Figure 6.3: North American Mobile Subscriber Base Forecasts US, Canada, Mexico, 2006-2011 (m)

6.1.4 South America

Table 6.4: South American Mobile Subscriber Base Forecasts for Brazil, Colombia, Argentina, Chile, Peru, Venezuela, Others, 2006-2011 (m)

Figure 6.4: South American Mobile Subscriber Base Forecasts for Brazil, Colombia, Argentina, Chile, Peru, Venezuela, Others, 2006-2011 (m)

6.1.5 Rest Of World

Table 6.5: Rest of World (Middle East, Russia, Africa and Others) Mobile Subscriber Base Forecasts, 2006-2011 (m)

Figure 6.5: Rest of World (Middle East, Russia, Africa and Others) Mobile Subscriber Base Forecasts, 2006-2011 (m)

6.1.6 Global

Table 6.6: Global Mobile Subscriber Forecasts for North America, South America, Europe, Asia Pacific, Rest of World, 2006-2011 (m)

Figure 6.6: Mobile Subscriber Forecasts for North America, South America, Europe, Asia Pacific, Rest of World, 2006-2011 (m)

6.2 The Market For Streamed TV Services

6.2.1 Adoption Rate

i. Key Assumptions

ii. Number of Subscribers

Table 6.7: % Mobile Phone Users Who Subscribe to Streamed TV Services – Global Forecasts, 2006-2011

Figure 6.7: Number of Mobile Phone Users Who Subscribe to Streamed TV Services (m). Regional Forecasts for North America, South America, Europe, Asia Pacific, Rest of World 2005-2011

Table 6.8: Number of Mobile Phone Users Who Subscribe to Streamed TV Services (m) – Regional Forecast, 2006-2011

6.2.2 Revenues

Table 6.9: Selected Streamed TV Package by Country Operator and Cost, 2006

Table 6.10: Average Price (\$) Paid per Streamed Mobile User/Month – Regional Forecasts 2006-2011

Figure 6.8: Total Revenues for Streamed Mobile TV Services – Global Forecasts - 2006-2011 (\$ m)

Table 6.11: Total Revenues for Streamed Mobile TV Services- Regional Forecasts, 2006-2011 (\$m)

6.3 The Market for Broadcast TV Services

6.3.1 Adoption Rate

i. Key Assumptions

Table 6.12: Expected Launch Dates by Technology and Country for Broadcast Mobile TV Services, 2006-2011

ii. Forecasts

Table 6.13: % of Mobile Subscribers That Will Use Broadcast Mobile TV Services by 26 Countries, 2006-2011

Figure 6.9: Total Number of Broadcast Mobile TV Subscribers by 26 Countries, 2006-2011 (m)

Table 6.14: Total Number of Broadcast Mobile TV Subscribers by 26 Countries, 2006-11 (m)

Table 6.15: Breakdown of Broadcast Mobile TV Subscribers for Countries That Are Expected to Have More Than One Mobile TV Broadcast Technology (m)

6.3.2 Revenues

i. Key Assumptions

a. Pricing

Table 6.16: Estimated Broadcast Mobile TV Monthly Subscription Pricing by 26 Countries (in \$)

b. Usage

ii. Forecasts

Figure 6.10: Total Revenues for Broadcast Mobile TV Services by 26 Countries, 2006-2011 (\$m)

Table 6.17: Total Revenues for Broadcast Mobile TV Services by 26 Countries, 2006-2011 (\$m)

6.3.3 Technologies

i. Forecasts

Figure 6.11: Broadcast TV Subscribers by Technology (DVB-H, DAB/DMB, MediaFLO, ISDB-T), 2006-2011 (m)

Table 6.18: Broadcast TV Subscribers by Technology (DVB-H, DAB/DMB, MediaFLO, ISDB-T), 2006-2011 (m)

Figure 6.12: Broadcast Mobile TV Revenue by Technology (DVB-H, DAB/DMB, MediaFLO, ISDB-T), 2006-2011 (\$m)

Table 6.19: Broadcast Mobile TV Revenue by Technology (DVB-H, DAB/DMB, MediaFLO, ISDB-T), 2006-11 (\$m)

6.4 Streamed vs. Broadcast

Table 6.20: Total Revenues for Streamed and Broadcast Mobile TV Services, 2006-2011 (\$m)

Figure 6.13: Total Revenues for Streamed and Broadcast Mobile TV Services, 2006-2011 (\$m)

7. Key Factors

121

7.1 Type of Content

7.2 Content Rights

Figure 7.1: T-Mobile's View on Ofcom's Windowing Proposal for Content

7.3 Content Security

Figure 7.2: Main Components of Public Key Infrastructure

Figure 7.3: Top Level OMA BCAST Architecture

7.4 Spectrum

Table 7.1: Analogue Television Switch-off Dates By Country (Planned)

7.5 Value Chain and Business Model

Figure 7.4: Broadcast Mobile TV Value Chain and Business Models

7.6 Indoor Coverage

7.7 Regulation

Table 7.2 Selected Telecoms and Broadcasting Regulators for 29 Key Countries

8. Key Organisations & Associations

135

8.1 International Telecommunications Union (ITU)

8.2 World DAB Forum

8.3 Digital Video Broadcasting Project (DVB)

8.4 Mobile DTV (MDTV) Alliance

8.5 European Telecommunications Standards Institute (ETSI)

8.6 IP Datacast Forum

8.7 Open Mobile Alliance

8.8 Wireless World Research Forum

8.9 Mobile IT Forum

8.10 3GPP/3GPP2

8.1.1 3GPP

8.1.2 3GPP2

8.11 4G Radio Project

8.12 Wing TV

8.13 Mobile TV Strategic Alliance
