

List of Forecasts

Remote Mobile Payments are defined by Juniper Research as payments that are made remotely via premium rate SMS, WAP billing, Mobile Web, Direct-to-subscriber's bill and direct to credit cards. The report covers payments for both digital goods such as music, games and ticketing as well as purchases of physical goods – often gifts, books or consumer electronics.

All forecasts are for 2008-2013, except where stated below.

Regional forecasts cover 8 regions: North America, South America, West Europe, East Europe, China & Far East, Indian Sub Continent, Rest of Asia Pacific, Africa & Middle East.
